

Marcio Decker HOME CONCEPTS DESIGN RESOURCE CENTER

Soon after graduating with a bachelor's in fine art from the Universidade Federal de Santa Maria in Brazil, Marcio Decker moved to the United States. He began his career with kitchen and bath design, and perfected his talents at Home Concepts Design Resource Center in Truckee. Since 2000 Marcio has been designing in the Reno and Tahoe area creating one-of-a-kind spaces for his clientele.

It is estimated that Marcio has designed over 3,000 unique bathrooms, countless kitchens and additional rooms, several of which have won national design competitions. Known for his ability to create spaces for his clients that reflect their vision, he utilizes his creative skills to design with the clients' interests at heart. His continued education and creativity has brought a new level of professionalism to the trade.

In 2004, Marcio Decker and Betty Scott opened Aspen Leaf Interiors, which has grown into a prospering interior design firm in the Reno, Lake Tahoe and Truckee areas that specializes in bringing out the aesthetic beauty of structures. The company integrates the client's taste with their experience for a finished product that is both unique and personalized. Although Marcio is no longer working in the Home

Concepts showroom on a daily basis, he is continually designing fabulous kitchens and bathrooms in conjunction with Home Concepts.

Located in Truckee, Home Concepts is a highly acclaimed design resource center specializing in designing kitchens and bathrooms that bring together a comprehensive look and feel of a home. With a wide selection of semi-custom cabinetry, unique hardware and a large selection of tile and stone, they are an exceptional resource for anyone completing a remodel or new construction project. **CATT**
